Written by Kathryn Royse

FROM AN EARLY AGE, TERE KNEW HE MUST HIDE HIS TRUE ALPHA NATURE FROM HIS VICIOUS SIRE WHO RULED WITH FEAR, VIOLENCE AND OPPRESSION...

As he matures, Tere feigns deference, all the while growing physically stronger as hatred and the desire for revenge festers within.

His only perceived supporters – his mother, Alik; his long-time friend Reine, a beta wolf; and Ileia who owns his heart – dare not be seen with him.

Taunted and beaten by Lacas at every opportunity, Tere's anger finally explodes with far reaching repercussions, changing the very fabric of his being.

With his world turned upside down, can Tere restore peace and prosperity to the pack all while learning to harness his newly awakened magic?

ABOUT THE AUTHOR

Kathryn's love of writing started in high school where she won several awards for her short stories. While her initial career in nursing and the joy of having her children put her dream of becoming a fantasy writer on hold, the stories continued to rattle around in her thoughts. It wasn't until Kathryn landed her dream job in a university library, started reading shifter stories and discovered some online writing workshops that her dream took flight. With this inspiration and the support, encouragement and belief of a special few the first two stories unfolded and were eventually accepted for publishing for readers to enjoy.

A CONVERSATION WITH THE AUTHOR

WHAT WAS YOUR INSPIRATION FOR WRITING *SECRET ALPHA*?

My inspiration was a long-held desire to write. When my sister, who was my number one supporter for my writing dream, passed away from cancer, I realised I needed to try rather than doubting myself, because life is too short.

I had always loved romance, historical novels, and fantasy so I decided to combine these and see what I could come up with. With some ideas in my head and the encouragement of those around me I started, and the words literally fell out onto the page. My first story was born, and while it needed a lot of work from its original draft, it was a beginning.

WHAT DREW YOU TO THE SUBJECT MATTER?

I have always loved stories of medieval knights, Scotland and fantasy stories. When I stumbled upon an author who wrote stories about various types of changelings and that same author was conducting some writing classes, I was hooked. So this story and the others in the 'series' are inspired by all those things plus the fact that I'm a sucker for a happy, romantic, perhaps cliched, ending.
